

# Hydroclenz for Emergency Tank Showers

Provides protection against bacteria in water systems.

# Optional Fittings and Accessories for Safety Showers - Hydroclenz for Emergency Tank Showers

The Hydroclenz (Aquanella) Unit provides constant protection against infestations of pathogenic bacteria in water treatment systems.

- Scale inhibition and corrosion prevention due to the electrolytic activity of the ceramic media
- No handling issues - media is totally inert whilst out of water
- Approved by the WRC (The Water Research Commission) and NAMAS accredited laboratories
- Complies to BS6920 Part 1 and COSHH regulations
- Constant protection against legionella and inhibits harmful pathogens
- Cost effective alternative to chemicals and UV treatments
- Reduced maintenance cost and no power required
