

## Product Discontinuation Notice

Dear Valued Customer,

ADB SAFEGATE is a leading provider of intelligent solutions that delivers superior airport performance from approach to departure. Our integrated portfolio includes solutions and services that harmonize airport performance, tackling every aspect of traffic handling and guidance, from approach, runway and taxiway lighting, to tower-based traffic control systems, and intelligent gate and docking automation.

ADB SAFEGATE Group's dedicated team of engineers ensure the research and development process is always ongoing and innovative. Whenever our products need updating, we communicate with our customers and suppliers to make sure they have the most up-to-date information and products.

This notice is to inform you that ADB SAFEGATE will discontinue a range of products listed in the "Product Table" below.

In accordance with ADB SAFEGATE's product discontinuation policy, we are hereby giving notice of these changes so that our customers can adjust their product part number purchasing records, or make any final lifetime purchases of discontinued product(s) to support their operations.

**Product Update** The below listed products will be phased out by January 1, 2017. ADB SAFEGATE will provide replacement items as per specification below. The last time buy deadline is December 20, 2016. After this date, only corresponding replacement products will be available.
